

## Practical Project Risk Analysis and Management - Instructor Biography

Retfalvi and Associates Inc. and Hulett & Associates LLC, have teamed to offer project risk management training and support that will assist in managing risks at any level in an organization to contribute towards the organization's project success, business objectives, profitability, and growth. Regardless of your project and company size or project management and risk management maturity level, our goal is to provide training and support to match your business requirements.

### **David T. Hulett, Ph.D. - Principal - Hulett & Associates LLC**

[www.projectrisk.com](http://www.projectrisk.com)

David Hulett is internationally recognized as a leading expert in risk management, analysis and project scheduling. David was project manager for the revision of the Risk Management chapter, of the PMBOK® Guide that was published in 2000 and served on the Core Committee to revise the PMBOK® Guide, 3d Edition. David's consulting clients include Petronas, Petrobras, NASA, GAO, Los Alamos National Laboratory, Oak Ridge NL, ConocoPhillips, El Paso Gas Pipeline, US Army and others.

David has held positions at Tosco, TRW, the Department of Energy and the Office of Management and Budget. David was an Instructor in the Department of Economics at Harvard University, and earned his Ph.D. in Economics from Stanford University. He is a member of PMI and the Association for the Advancement of Cost Engineering. David has published several articles on quantitative risk analysis and Practical Schedule Risk Analysis (2009, Gower Press) which contains a complete treatment of schedule risk analysis.
